

THE WISDOM CORRIDOR PROJECT

CORNELL ELEMENTARY SCHOOL

Overview

The Cornell Elementary Wisdom Corridor is still a work in progress! Our hope is to make this a bright spot where students can gather some words of advice and motivation. We hope to inspire students to share their experiences on the Wisdom Team and inspire others to get involved. We would like to see this space continue to grow and evolve over time to continue its powerful message. Some words of wisdom from our wonderful teachers include: Live your life as YOU, pursue your dreams, and never give up!

“What we loved”

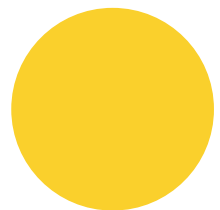

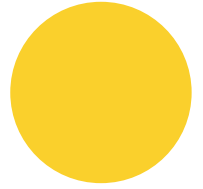

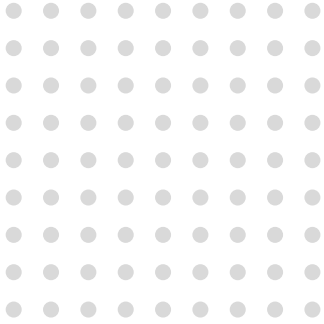

"I liked seeing my students learn interviewing skills to help their communication skills in this ever technological world. I enjoyed working with Richa and the other schools involved as well to help my students gain experience outside of our school. It was fun to get to see some of my students in a different way and learn more about them through this project."
