

THE WISDOM CORRIDOR PROJECT

SHALER AREA HIGH SCHOOL

Overview

The Shaler Area School District is thrilled with the final product of their Wisdom Corridor! Students designed a colorful and creative wall to brighten the hallway. In May 2022, they conducted student to student interviews. Some of the words of wisdom that students gathered include "Go after the things that bring you the most joy.", "Enjoy the good times and don't take anything for granted", and "Always ask for help when you need it."

“What we loved”

"I enjoyed watching the students interact. With minimal prompting from teachers, the students were able to easily and quickly connect. The laughter in the room was contagious, and I believe that the experience was valuable for both sets of students."

- Kate Elder, Educator

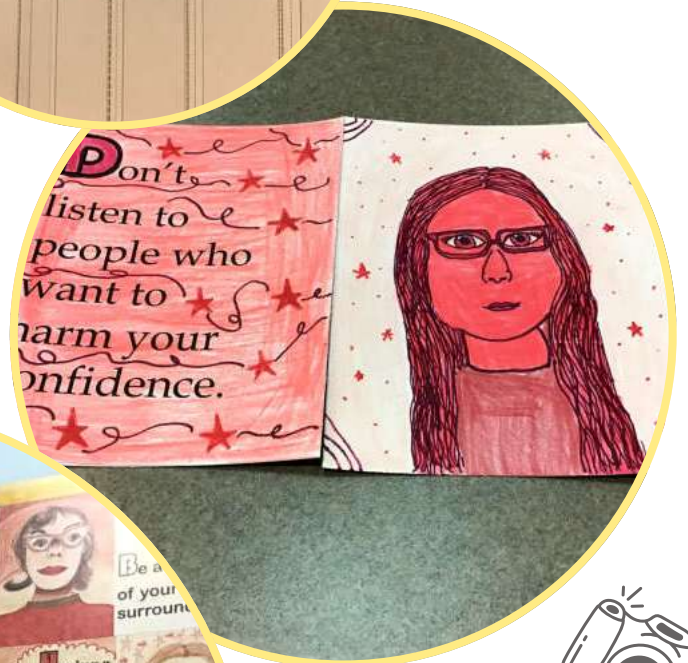

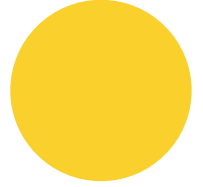

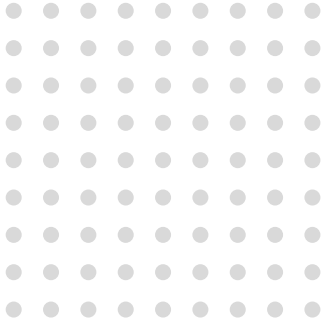

"Allowing our students to have the opportunity to engage with their HS and ES peers was rewarding. This activity gave the students a chance to be themselves, be mentors, and be friends--three things that do not often happen in the lives of busy high school students. "

- Christina Palladino, Educator
