

THE WISDOM CORRIDOR PROJECT

JAI VAKEEL FOUNDATION

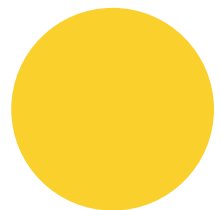

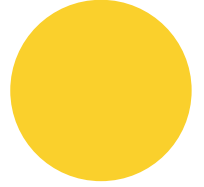

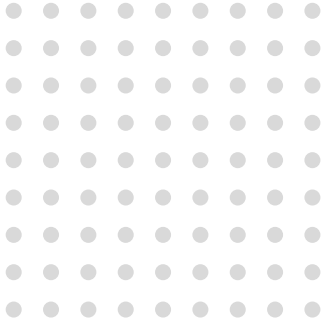

Overview

The Jai Vakeel School aims to provide students aged 3 to 18 years with early intervention, functional academics, and pre-vocational training. We also build on their ability to be independent in their Activities of Daily Living (ADL). As we celebrated our 75th anniversary, we wanted to show our appreciation to our teachers and staff. What could have been better than our students, HR & communications team interviewing them to create a repository of the wisdom of these champions of change?

Wisdom Gallery

“What we loved”

"In the wisdom corridor, quotes are displayed along with our smiling face photos. We get to read other staff's life lessons and get a new hope to live happily. And most importantly all the quotes with a smile reflect to be positive in life.

The Project FUEL team came to the Jai Vakil Foundation in 2018. Initially, Mr. Deepak Ramola sir informed us how and why this project started. Later, his team had a personal discussion with each person in our organization, in which they were asked "What have your life lessons and what have you learned in your life? What happened at every turn of your life?" The team was very supportive and made us feel so comfortable that we were happy to share all the information with them. Even today in our organization the motto that came out from us is displayed on the wall."

-Sandhya Ukkalkar, Acting Principal, Autism Centre
