

THE WISDOM CORRIDOR PROJECT

UNISON  
WORLD  
SCHOOL

UNISON  
WORLD SCHOOL

## Overview

Unison World School is an All Girls' Residential School that offers quality education with the finest accommodation and living facilities to students from Grades 5-12. The school thrives in creating opportunities for young girls to explore their potential beyond regular academics. While inculcating the best from both the traditional Indian and the International education culture, the school opts for a more student-centric, value-based learning and education system with ample opportunities for individual growth and development. Unison ensures that every girl in the school is groomed to 'Realize Her Potential' and be the best in every facet of life.

## “What we loved”

Sitting across our daughter and answering her questions on the learnings of our life, was a unique experience. We were so thrilled to notice the spark in her eyes and yet, the way she was mentored to maintain her professionalism was commendable. It made us feel extremely proud. We cannot thank Project FUEL and Unison World School enough for creating such an opportunity for our daughter.

“A learning that is coming naturally and bringing opportunities, also giving a chance to associate is a wonderful initiative Project FUEL has brought to us. Every individual has some unique, positive tides in their life. Wisdom Corridor leads us to practice learning from unnoticeable encounters, and shuttle experiences in life, letting us to be conscious of actions. No more confining learning to class only but to the world of people.”
